

The Utility range are a group of basic, single use machines. In common with the rest of the Kersten range the tools are manufactured to a professional quality, featuring Honda engines, fully hydraulic transmissions and power take off. The paint finish represents the most modern powder coating process designed to last for years. The Utility range features handle bars that are adjustable for height in three positions.

	CODE	DESCRIPTION	PRICE
	K-Line WB 40	<b>Hydraulic Weedbrush</b> 5.5 hp Honda petrol engine • Hydraulic transmission • Forward direction with differential 3km/h • Large diameter drive wheels (4.00-8 turf pattern) • Handlebar with 3 height adjustments • 40cm Weedbrush with adjustable height and angling.	<b>2850.00</b>
	K-Line SP 85	<b>Hydraulic Snow Plough</b> 5.5 hp Honda petrol engine • Hydraulic transmission • Forward direction with differential 3km/h • Large diameter drive wheels (4.00-8 turf pattern) • Handlebar with 3 height adjustments • 85cm snow plough with adjustable skid height • Includes wheel weight kit, snow chains, and engine guard.	<b>2100.00</b>
	K-Line RB 90	<b>Hydraulic Round Broom</b> 5.5 hp Honda petrol engine • Hydraulic transmission and drive to round brush • Forward direction with differential 3km/h • Large diameter drive wheels (4.00-8 turf pattern) • Handlebar with 3 height adjustments • 90cm diameter broom rotating on the vertical axis • Adjustable for height and angle.	<b>2300.00</b>
	K-Line RM90	<b>Hydraulic Knife Mower</b> 5.5 hp Honda petrol engine • Hydraulic transmission and drive to mower • Forward direction with differential 3km/h • Large diameter drive wheels (4.00-8 turf pattern) • Handlebar with 3 height adjustments • 90cm cutting width double reciprocating knife blade with height adjustment skids.	<b>2500.00</b>
	K-Line HS70	<b>Hydraulic Gritting Machine</b> 5.5 hp Honda petrol engine • Hydraulic transmission and drive to spreader • Forward direction with differential 3km/h • Large diameter drive wheels (4.00-8 turf pattern) • Handlebar with 3 height adjustments • 70 litre hopper capacity with a spreading width of 0.5–4 metres.	<b>3100.00</b>
	1200 548	Damp material agitator for spreader	110.00
	1200 549	Hopper cover for spreader	90.00
